Relevance of Research to IDRF Program

How does your research engage with methods and approaches within your discipline?

Sample Answer

How do other disciplinary approaches, concepts, and debates inform your research?

Sample Answer

The Mellon IDRF program seeks to fund projects in the humanities and social sciences that engage in humanistic inquiry, producing research that can play a vital role in understanding what it means to be human and how we react and engage with the world around us, in historical, contemporary, or even future contexts. How does your project examine the human condition, using a capacious understanding of humanistic inquiry?
