

# Call for Applications

## 2022 Next Generation Social Sciences in Africa Competition

### **Doctoral Dissertation Proposal Development Fellowship (up to 8 awards per year)**

The fellowship supports doctoral students with up to \$3,000 over 3 months to develop a doctoral dissertation proposal. Next Gen supports costs related to pre-fieldwork surveys, literature review and doctoral dissertation proposal writing.

### **Doctoral Dissertation Research Fellowship (up to 14 awards per year)**

The fellowship supports doctoral students with up to \$15,000 for 6-12 months of doctoral dissertation research. Next Gen helps students strengthen their dissertations, from literature review, fieldwork to data collection and analysis and scholarly writing.

### **Doctoral Dissertation Completion Fellowship (up to 16 awards per year)**

The fellowship supports doctoral students with up to \$10,000 to take a 12-month leave from teaching and/or other employment to focus on data analysis and scholarly writing to complete their doctoral dissertations and degrees.

### **Post-Doctoral Writing Fellowship (up to 6 awards per year)**

The fellowship supports up to six early-career faculty, who are Next Gen alumni and have completed their doctorate degrees, with up to \$3,000 to take a six-month leave from teaching and/or other employment to focus on writing or completing dissertation-based draft articles for submission and publication in reputable peer-reviewed journals. Next Gen supports fellows with writing and revising manuscripts, literature search, fact-checking and copy-editing.
